

THE WRANGELL SENTINEL

VOL. XIX. NO. 24

WRANGELL, ALASKA, THURSDAY, JUNE 10, 1920

PRICE TEN CENTS

News by Cable Today From All Over the World

SCHENECTADY—Thirteen were killed today when the New York Central express crashed into a passenger train.

OAKLAND—A plot to overthrow the Government and establish a reign of terror and revolution was bared at the trial for syndicalism of John C. Taylor before Judge Quinn.

SAN FRANCISCO—Senator Homer S. Cummings, chairman of the Democratic National Committee arrived here today. Ratification of the treaty will be the main plank in the platform, Cummings declared.

BATON ROUGE—A resolution providing for the ratification of the Federal suffrage of women was defeated in the Senate.

ST. PAUL—Two are dead and scores were injured in an electrical storm in North Dakota and Northern Minnesota. The town of Foxholm, Minnesota, was wiped out.

SEATTLE—Mrs. Edna McKenna and James Freeze were killed when their auto plunged over the bank near Snoqualmie Falls last night.

DUBLIN—Notwithstanding the information that a number of troops in Ireland have been refused by the authorities, careful estimates placed the number at more than 60,000, which is being increased daily. Troops come from all parts of England. Later the Government has evinced a desire to send seasoned men instead of raw recruits.

LOS ANGELES—Mrs. Ito, a Japanese, threw her two children into the ocean from the pier at Santa Monica and jumped in after them. She was rescued, but her children drowned.

WASHINGTON—General John J. Pershing in a letter to Secretary of War Baker announced his intention to retire within a few months to engage in something more active.

VIENNA—Seven were killed and 23 wounded when the police fired upon bread rioters at Gratz.

BRINDISI, Italy—Several warships have left Valona, Albania, to assist the garrison against the Albania insurgents.

West Coast Fishermen Agree on Fish Prices

W. F. Harcastle, buyer for the Noyes Island Packing company, has begun operations at Noyes Island and is buying fish from approximately 200 boats at the present time. Mr. Noyes is paying 10 and 12 cents a pound for red salmon, and 8 cents for white fish. Cohoes bring the fisherman 25 cents per pound. The fishermen of the West Coast have accepted these prices for the present season, and the prospects are fine for a good season for the trollers, as the fish are running quite heavily.—Ketchikan Chronicle.

John T. Towers and E. R. Wilcox are in town today from the Towers camp at the head of Duncan canal.

Miss Pearl Parent of Nakusp, B. C., is the guest of her aunt, Mrs. A. Lemieux.

Public Meeting Tonight

A public meeting of citizens—both men and women—is hereby called to meet in the town hall on Thursday evening, June 10, at 7:30 o'clock, for the purpose of taking steps for a proper observance of Independence Day, July 4, 1920.

J. G. Grant, Mayor.

The records for the new Petersburg recording district were shipped to Petersburg on the Jefferson Saturday by U. S. Commissioner Wm. G. Thomas.

The new records consist of four large loose-leaf volumes. All the recording has been done with the typewriter, and the neatness and legibility and uniformity that obtains throughout the four volumes are evidences of exceptional clerical talent.

It has been a tremendous task to go through all the local records and not overlook any instruments that should be transcribed in the records of the new recording district. One may gain some idea of the task when it is stated that there are 574 instruments in the book of deeds and mortgages, 115 instruments in the book of mines, 38 miscellaneous instruments, and 38 indexed chattel mortgages. Judge Thomas says he gave a big sigh of relief when this laborious work was finally completed.

Mayor J. G. Grant happened to be in the court house when the Sentinel reporter was looking over the volumes, and he was of the opinion that these new records which had been prepared for Petersburg were just about as fine specimens of record making as it would be possible to produce anywhere. It is safe to state that Petersburg now has by far the best set of records of any recording district in Alaska.

The new boat belonging to John Price and C. W. Carter is about ready to start for Taku river where her owners have a homestead. The homestead is located about 60 miles from Juneau.

The boat is made specially for river travel, and will soon be launched from near the city dock.

Owing to the fact that a number of people are anxious to get up the Taku for hunting, fishing, trading and prospecting, lack of transportation and supplies keeping them back, it is believed that the river boat will prove an entering wedge for the further development of that region.—Juneau Capital.

Of Interest to Trappers

The Shangle family came in the last of the week from their winter camp on the Iskoot. They report a most successful fur catch during the past season. About two months ago G. H. Tozier made a trip to the Shangle camp and bought over \$4,000 worth of furs from them. Trapping continued good until the close of the season. When the family arrived in town a few days ago they brought with them the following collection of skins: 42 marten, 43 mink, 145 muskrat, 68 ermine, 3 bear, 7 wolverine, 2 otter, 1 black fox, 2 coyotes, 1 wolf. Their catch would have been even more valuable had it not been for the law which temporarily prohibits the trapping of beaver. The party left for Portland on the Jefferson taking their furs with them. In the party were: F. E. Shangle, W. K. Shangle, Mr. and Mrs. R. O. Shangle.

Gordon McDonald was a visitor to Juneau this week.

Deadlock in the Big Convention In Chicago

Irreconcilables Threaten to Leave Party if Platform Approves League of Nations in Any Way.

CHICAGO—(Tuesday)—The National Republican convention began sessions this morning when Will H. Hayes, chairman of the Republican National committee, called it to order shortly after 11 o'clock. The Coliseum was crowded to its capacity all of the 13,000 seats being occupied. The weather is blistering hot.

COLISEUM—(Wednesday)—After adopting unanimously the reports of three of its principal committees, and concluding all other routine business the second day's session of the convention was turned into a G. O. P. revival and testimonial meeting. Today the convention went into session at 11:20 a. m., and delegates and visitors who packed the great Coliseum to the roof sweltered in the sticky heat for 57 minutes until 12:15 p. m. when adjournment was announced. Tomorrow's session will convene at 11 a. m. at which time the delegates expect to hear the all-important report of the resolutions committee.

CHICAGO—(Wednesday) The League of Nations plank is still undefined 24 hours before it is to be presented to the convention. When the members of the subcommittee went into session to smooth out the remaining platform troubles they expressed confidence that they could agree, but all of them were somewhat hazy on how it was to be done. However, there was a feeling in many quarters that the League question must not be permitted to reach the convention floor, where everyone realized that it might set off fire works of a destructive nature. For its second day's session the convention heard a woman speaker, Mrs. Margaret Hill McCarter of Kansas, the first woman to address national conventions.

CHICAGO—(Wednesday)—While the committees continued to grind away at organization the preliminaries of the convention went through the motions of the second day's session. Senator Henry Cabot Lodge of Massachusetts, the temporary chairman, was made permanent chairman, thereby making the temporary organization permanent. Today's business consisted of hearing the report on progress from the committee framing the platform and the report from the credentials committee which makes up the permanent roll. Missouri got back two of her lost delegates through the action of the credentials committee which reversed the National committee's decision that conditions in the electorate in Kansas City were so bad that it would not seat any delegates. That restored the total number of delegates in the convention to 984 and the number necessary for nomination to 493.

CHICAGO—The third day of the convention opened with a wrench in the party machinery. At least it was doubly deadlocked overnight. The League of Nations issue has swept upward to a position overshadowing all else at this time and threatening to

Mother of Mrs. Wheeler Passes Away in Portland

(Special to the Sentinel.)

PORTLAND—Mrs. Jennie Thomas, aged 62, passed away at St. Vincent hospital at 1:40 p. m., Friday, June 4. The funeral services were held at one p. m. Monday, June 7. Interment was made in Rose City cemetery. The deceased is survived by three daughters: Mrs. H. B. Fern and Mrs. Foster Akers of Portland, and Mrs. James H. Wheeler of Wrangell, Alaska.

Mrs. Jennie Thomas visited her daughter in Wrangell several times and had many friends here who will mourn her loss.

Mrs. Wheeler left Wrangell for Portland on May 30, and was with her mother when the end came.

Legion Head Urges Ex-Service Men to Retain Insurance

"Ex-service men now have until July 1, next, to reinstate their Government insurance," declared J. P. Walker, commander of the department of Alaska, American Legion, in a statement recently made.

"At the rate offered by the Government's war risk insurance bureau, no man is unable to grab the opportunity offered, and the protection afforded relatives of the insured is immeasurable."

In order to make reinstatement as easy as possible, any former soldier, whose insurance has lapsed not more than 18 months can, by proper application, be reinstated upon the payment of only two months' premiums accompanied by a certificate or statement that his physical condition is as good as on the date his insurance was last effective. The Government, by recent legislation has arranged for any kind of policy from straight life to an endowment policy. Regulations also have been changed so that policies are now paid in lump sums instead of in monthly installments as was formerly the case.

The Ripley Fish company shipped 154 boxes of fish on the Spokane Sunday morning. This is the largest shipment of fresh fish from Wrangell thus far this season.

According to Juneau papers Mrs. W. E. Worth of Petersburg was successfully operated on in the Dawes hospital last week.

The Wrangell Cooperative association shipped 30 boxes of fish on the Spokane which sailed South Sunday forenoon.

Mrs. Genevieve Peterson arrived from San Francisco on the City of Seattle yesterday. She is the guest of her mother, Mrs. Belle Swift.

be a menace to the party. In the party councils it was the rock on which the special harmonizing subcommittee split after hours of fruitless labor toward a compromise.

CHICAGO—As the platform majors resumed work this morning they described the prospects for an agreement as pretty bad. The Irreconcilables on the League of Nations issue continued threats that they will leave the party if the platform affirms it in any way.

CHICAGO—The League of Nations plank drafted by Elihu Root was accepted as a basis for compromise today by the Irreconcilables on the resolutions submitted.

Remains of Edward Ludecke Laid to Rest—Bishop Rowe Delivers Funeral Address

The funeral of Edward Ludecke was held in the Redmen's hall Sunday afternoon and was well attended. The service opened with the singing of "There is a Blessed Home," after which the ritualistic service of the Episcopal Church was read by Rev. H. P. Corser and Adjutant W. J. Carruthers of the Salvation Army. J. W. Pritchett, representing the Arctic Brotherhood, made a few remarks. The funeral address was made by Bishop P. T. Rowe. Then came the prayers followed with the song "Abide With Me."

The service at the grave was conducted by Adjutant W. J. Carruthers.

Mr. and Mrs. R. Y. Strubble of Frederickton, Ohio, returned Saturday from a bear hunt with the Shangles on the Iskoot. The Strubbles are by no means new at bear hunting, but this time they were unsuccessful, having killed only one bear, although more than 40 were seen. The Strubbles have been successful in their former trips north and their poor luck this time is attributed to the use of rifles which were different from the ones to which they were accustomed.

Henry Bannon of Portsmouth, Ohio, who has been on a hunting trip on the Clearwater with Captain A. B. Conover arrived in town last week, having killed a large bear while on the trip. Mrs. Bannon sojourned in Wrangell while her husband was on his hunting trip. Mr. and Mrs. Bannon left for their home on the Princess Mary.

Mac McLean of Eugene, Oregon, who has been attending the University of Oregon at that place, arrived in Wrangell on the Jefferson Saturday evening. He will spend the summer and return to the University in the fall. McLean spent last summer in Wrangell and vicinity.

Harry Gartley does not propose to stand still while his neighbors are busy improving the appearance of their homes. He has had the roof of his house painted a brilliant red which will make it possible for incoming passengers to identify his house as soon as a steamer comes around the Elephant's nose.

Maurice D. Leehey, special counsel for the Alaska Territorial Shipping Board, was a south-bound passenger aboard the Jefferson Tuesday evening.

G. H. Davis, general manager of the Vermont Marble Co., arrived on the Vermont Tuesday from Token where he had been on an annual inspection trip. He left on the Jefferson for his home at Proctor, Vermont.

Miss A. E. Leonard and her friend, Miss A. M. Friese, arrived from St. Paul on the City of Seattle yesterday for a visit with the family of C. M. Coulter. Miss Leonard is a niece of Mrs. Coulter.

W. H. Forbes, of the San Francisco Chronicle was aboard the City of Seattle yesterday, and paid the Sentinel a pleasant fraternal call while the vessel was in port.

Captain A. B. Conover was in Wrangell the first of the week from up the Stikine.

T. H. Burns, superintendent for the Vermont Marble company at Token, was a business visitor to Wrangell the first of the week.

Robert Royalty Dies Suddenly On West Coast

CRAIG—Robert Royalty died here suddenly this morning of heart failure. Burial will take place at Craig. Moose in charge.

The above dispatch came as a distinct shock to the people of Wrangell. Mr. Royalty visited in Wrangell recently and appeared to be in the best of health.

Mrs. F. B. Leonard, a sister of Mr. Royalty, also received a radiogram announcing the death of her brother.

Robert Royalty has lived in Southeastern Alaska for a number of years and was well and favorably known. He was 48 years of age and a member of Wrangell Lodge No. 866, Loyal Order of Moose. Mr. Royalty lost his wife in 1917. He is survived by a little daughter, Theodosia, aged eight.

Upon receipt of the sad news F. B. Leonard and family, Alfred Royalty and Theodosia Royalty, left on the Gussie L for Craig to attend the funeral.

Eugene M. Link, who left Wrangell two years ago to enter the United States Military Academy at West Point, will graduate in a few days.

When the United States declared war with Germany Mr. Link was then residing in the State of Washington. He at once enlisted in the Signal Corps of the United States Army, expecting to be sent overseas. It was therefore a great disappointment to him when he was sent to Wrangell as a telegrapher. Some months after his arrival here he decided to prepare for a competitive examination for entrance into West Point. He buckled down to hard study, and with the kind assistance of Rev. H. P. Corser, who coached him in his studies, he was able after a few months to successfully pass the required examination.

He was admitted to West Point and has made a good record. Owing to his being a wireless operator he was able to pick up much news of interest to his fellow cadets with whom he became very popular.

Maurice Leehey who visited his son at West Point a few weeks ago brings the pleasant news that Wrangell may well be proud of her cadet at West Point. Mr. Leehey's son will graduate from West Point at the same time as Mr. Link. These two young men will be the first Alaskans to graduate from the U. S. Military Academy since 1910 when Captain Dan Pullen, Alaska's first military graduate, finished his course at West Point.

An informal reception was tendered Bishop and Mrs. Rowe by St. Philip's Guild at the home of Mr. and Mrs. M. O. Johnson Monday evening. There was an impromptu program which included a solo by Mrs. McLaughlin, a reading by Mr. Rowley. Bishop Rowe was prevailed upon to relate some of his early experiences in the North. His stories and anecdotes proved to be most interesting, amusing and entertaining. During the evening refreshments were served.

The Ripley Fish company shipped 28 boxes of fish south on the Jefferson Tuesday evening.

Big Fur Shipment From The Pribilof Islands

The bureau's vessel, Eider, recently transported all available fur-seal skins and the 1919-20 take of fox skins from the Pribilof islands to Unalaska. The shipment consisted of the following: Nine hundred sealskins, 155 blue fox skins, and 33 white fox skins from St. Paul island; 412 sealskins, 746 blue fox skins and four white fox skins from St. George island; a total of 1,312 sealskins and 938 fox skins. On April 19 they were placed on board the commercial steamer Victoria at Unalaska for shipment to Seattle, where they were received on April 26. The fox skins were at once forwarded by express to Funsten Bros. & Co., the bureau's selling agents at St. Louis, and the sealskins were shipped by freight in one carload on the following day.

A report under date of April 8 has been received from Assistant Agent Christoffers, of the Alaska service, covering the sale of 41 beaver skins for \$820, 3 marten for \$85, 99 red fox for \$1,683, and 4 swan skins for \$4, through the Seattle Fur Sales Agency. The beaver skins and swan skins, the taking of which in Alaska is prohibited by law, were seized on the schooner Ozmo when searched by customs authorities at Seattle on October 17, 1919. The marten skins were seized from Natives in Southeastern Alaska by Warden O'Connor, and the unprime red fox skins were from a shipment to the Alaska division of the bureau of education by a school teacher at Atka for the Natives of Samalga island. The gross amount of the sale was \$2,592, with deductions of \$129.60 commission and \$21.80 for cleaning and cartage, leaving the net proceeds \$2,440.60, which sum has been turned into the United States treasury.

On March 21, Warden Philip R. Hough, stationed at Juneau, forwarded to the Bureau's Seattle office 20 marten and 26 beaver skins. Under authority of search warrants, Warden Hough, assisted by the deputy United States marshal, searched certain packages of furs in the mail at Skagway on July 16 and 17, 1919, and confiscated 20 marten skins consigned by R. L. Smith, of Ruby, Alaska; 25 beaver shipped by D. R. Stern, of Nulato, Alaska, and one beaver mailed by John B. Steppe from the Kantishna river region. The killing of both beaver and marten in Alaska is prohibited, and any skins are subject to confiscation. The skins seized were retained in the possession of the marshal at Skagway until released recently to the bureau of fisheries by a court order. The skins will be sold in the usual manner for the account of the Government.

The drive to eliminate the mosquito pest from Whitehorse and vicinity has started.

"On top of the world—paying the top of the market"
 In presenting the following quotations we want you to understand that we pay what we quote. If the market advances after the issuance of this circular we give the shipper the benefit of the increase. Upon request we shall be pleased to keep you advised of market changes.
 Bear in mind that because of our policy of dealing direct with the trapper and trader we can afford to, and do, PAY THE HIGHEST PRICES FOR FURS OF ALL KINDS.

Black Bear, No. 1 Silky	\$15.00 to \$30.00	We are the largest dealers in raw and manufactured furs in the Northwest and all we ask of you Mr. Shipper is to give us the chance of a trial shipment and we will convince you that we pay more for furs and make quicker returns than you can get anywhere in the country. We have been in business in Alaska for 36 years and have built up a very extensive trade. We sell manufactured furs in all parts of the United States, Canada and in a great many European Cities.
Coyotes, Extra Large No. 1	20.00 to 25.00	
Fox, Cross Large Dark	75.00 to 125.00	
Fox, Red, Large Dark	40.00 to 60.00	
Fox, White	50.00 to 65.00	
Fox, Blue; Prices vary according to color and quality	75.00 to 200.00	
Fox, Silver; We have a big outlet for Silver Fox and guarantee top prices for same. Be sure to ship us your Silver Foxes and we will show you we are there with the goods. Prices are	150.00 to 850.00	
Fisher, Large Dark	75.00 to 125.00	
Mink, Extra Large No. 1 Dark	12.00 to 16.00	
Muskkrat, Fall Alaskan Large No. 1	1.50 to 2.00	
Lynx, Extra Large No. 1	40.00 to 60.00	By shipping to us you are not only helping an Alaskan industry but you are helping yourself to build up a business that belongs to Alaska.
Land Otter (Interior)	30.00 to 40.00	
Land Otter (Coast)	20.00 to 27.50	
White Weasel, Large No. 1	1.25 to 2.00	
Wolf, Large No. 1 Cased	25.00 to 30.00	
Wolf, Large No. 1 Open	18.00 to 25.00	If so desired when your shipments amount to \$100 or more, we will wire our bid and if not entirely satisfactory you may wire at our expense and we will ship to any place you designate.
Wolverine, Large Dark	20.00 to 25.00	

Prices above quoted are all for number one best grade furs. Lower grades including pale skins priced in proportion.
 We eliminate the middleman entirely as we buy direct from the trapper and trader and sell direct to the consumer, thus we are able to pay you a better price than you can get elsewhere. WE MAKE RETURNS THE SAME DAY SHIPMENT IS RECEIVED.
 All we ask of you is to be fair with yourself as well as with us and make us a trial shipment; the result will make you a steady shipper.

Fishermen of Cape Omany Will Ship Direct to Seattle

(Petersburg Report)
 Lack of fish buyers on the trolling grounds at Cape Omany this spring has forced the trollers to make arrangements to ship their fish direct to the southern markets through the Petersburg Cooperative Association.
 On Friday morning a delegation of four trollers arrived from the Cape and at once took up the question of marketing fish with the directors of the Cooperative. The delegation consisted of L. A. Olin, J. N. Wahl, Alfred Cramer and Peter Lee. These men reported that since the trollers arrived on the ground only one local buyer has appeared and that he will be unable to handle the fish offered in sufficient quantities when the run starts in good shape.
 As a result the trollers spread the word among the different camps at the Cape and a meeting was held at Patterson Bay at which between 30 and 40 men were present.
 After discussing the proposition from all angles, the four men were elected to come to Petersburg to make arrangements for handling the fish. A contract has been made with the Cooperative to ship the fish to the markets for the fisherman. The Cooperative in turn has signed a contract with the Alaska Fish and Cold Storage company at Scow Bay to furnish ice, boxes, docking facilities, etc., for handling the fish after they arrive here. Under the arrangement the fishermen will ship their fish direct, through the local organization, the returns being paid direct to the fishermen after they are received here.

Advocates Trial of Hun Leaders.

If Hindenburg and Ludendorff are
guilty of offenses against humanity
they, and not some of their under-
lings, should pay the penalty. It would
be a farce to let them go and to
convict their subordinates; and it
would be a farce to try to impress
the German people with the inviolable
majesty of international law while
fearing to try leaders who are in po-
sition to arouse a public clamor in
their behalf. By all means let Hinden-
burg and Ludendorff be among the first
to answer. They stand as heroes be-
fore their followers and no lesson
would be more impressive to those fol-
lowers than the spectacle of their lead-
ers brought to book.—Exchange.

Showing Kaiser's Viciousness.

The Germans, in setting fire to the
Louvain library, totally destroyed not
only the printed books numbering
from 250,000 to 300,000 volumes and
nearly 1,000 manuscripts which the
library contained, but also the famous
university halls, thus destroying in
three days that which had taken five
centuries to build up. Only once be-
fore in history has such a disaster
been inflicted upon the world, when
in A. D. 643, the Caliph Omar, with
blasphemy only equalled by that of the
kaiser, destroyed the library of Alex-
andria in the name of God, and that
is of very doubtful authority.—Chi-
cago Evening Post.

Have Evidence Against Germans.

Evidence of German crimes is fur-
nished by M. Delannoy, librarian of
Louvain; Henri Davignon, secretary
of the Belgian commission of inquiry;
Paul Lambotte, director of the art gal-
eries of Belgium, and M. Lamy, sec-
retary of the French academy. The
latter, it was said, has made a most
telling indictment of those who were
responsible for acts of savagery.

Proceedings of Meeting of Wrangell Town Council

There was a long and tedious
session of the Town council last
Thursday evening. The Mayor
and all members of the council
were present.

Mrs. M. O. Johnson, Mrs. Jess
Neville and Mrs. J. W. Pritchett
appeared before the council as a
committee from the Civic Im-
provement Club. The purpose
of their visit was to request the
council to have metal containers
for garbage placed on the streets.

The council members were
unanimous in the opinion that
metal containers for garbage
would be a very good thing, but
owing to the heavy expense the
town is under at this time the
council is forced to pursue a pol-
icy of retrenchment. The Mayor
appointed Councilman Donald
Sinclair a committee of one to
obtain prices on metal containers
and report at next meeting. It
was also the unanimous opinion
of the council that something
should be done in the meantime
toward ridding the town of so
much rubbish. Accordingly, Tues-
day, June 8, was proclaimed a day
for a general clean-up of the town
and the clerk was instructed to
have handbills printed urging
everyone to clean up his premi-
ses on that date.

The clerk read the resignation
of Thomas Dalgity as a member
of the council on account of hav-
ing been appointed Deputy Uni-
ted States marshal. The council
were of the opinion that the two
offices did not conflict and no ac-
tion was taken on the resignation.
Unless there is some objection on
the part of the Department of
Justice Councilmen Dalgity will
continue on the council.

The clerk read the resignation
of L. M. Churchill as school tax
collector. Mr. Churchill gave no
reason for his resignation, but
one of the councilmen stated that
Mr. Churchill's reason for resign-
ing was on account of his being
expected to pay the school tax
advertising bill out of his commis-
sion. The last Territorial legis-
lature passed a law requiring the
school tax collector to publish in
a newspaper in his district a no-
tice setting forth that the tax im-
posed by the act is payable. The
law requires that this notice be
published at least once a month
during the period within which
the tax is payable. The legisla-
ture made no provision for the
payment of this advertising bill.
When Mr. Churchill took up the
matter with the Territorial au-
thorities he was given to under-
stand that it was assumed that
he would pay for the advertising
out of his commission. A motion
prevailed that the council refuse
to accept his resignation, and the

clerk be instructed to advise Mr.
Churchill that the council would
pay all school tax advertising for
this year and undertake to get
reimbursed for same from the
Territory.

The clerk read a communication
signed by M. McKinney, Nicholas
Nussbaumer, P. C. McCormack,
Donald Sinclair, Alex Vreatt, and
T. J. Case in which they peti-
tioned the council to open up a
street and construct a roadway
from Church street to First
street. On motion the petition
of the above property holders was
granted and the street committee
was instructed to prepare speci-
fications and advertise for bids.

The clerk was directed to send
communications to the owners of
automobiles, cautioning them not
to exceed the speed limit.

On motion the clerk was in-
structed to notify all persons hav-
ing water faucets outside their
houses that same must be put in-
side within 30 days or water will
be disconnected.

The town marshal was empow-
ered to shut off the water of all
persons who have failed to pay
their water rent.

The street committee, which
was appointed to investigate the
school situation and take such
steps as they saw fit, reported
that they had given the school
board assurance that an addition
would be built to the school house
during the summer.

The clerk was instructed to
write to the Territorial Road Com-
missioner regarding a road to the
Standard Oil station.

The town treasurer reported
\$3,420.51 in the general fund and
\$1,441.75 in the water fund.

There was a special meeting of

There was a special meeting of

the town council last evening at
which water and street matters
were discussed at some length.
On motion it was decided that
no private family should be
charged more than \$1.75 per
month for water for the house,
regardless of how many faucets
were being used.

A rate of 75 cents per month
was fixed for those who have no
water on their premises and car-
ry their water from nearby hy-
drants.

A rate of \$2.50 per month was
fixed for butcher shops.

A rate of \$120 was fixed for
supplying the Alaska Sanitary
Packing company with water for
one year. This rate also includes
water for six houses in the vicin-
ity of the cannery which are
owned by the cannery interests.

Mrs. Elizabeth Morton, field
representative of the Red Cross,
arrived in Wrangell on the Spo-
kane Sunday morning. On Tues-
day afternoon she addressed the
local branch of the Red Cross and
made arrangements for a course
in home nursing to be given in
Wrangell this fall. She left for
Ketchikan on the Jefferson Tues-
day evening. Mrs. Morton has
been in Alaska several months.
